HOSE WASHER CARDS!

Actual Size Of Card

“A really dynamic response...ten times more effective than stickers or business cards” – Ohio

“I put 25 in my local barbershop and got 3 jobs within 2 weeks from new customers – all from these cards” – Nebraska

We have sold this copyrighted sales plan to plumbing shops since 1943. Repeat order after repeat order convince us that it is a unique and effective way to make your business known to commercial and residential customers.

The tires on the card are hose washers that are easily removed. Your company name, phone number and service description is printed just the way you want it, and will be remembered when they need service.

Send us your letterhead or business card, or draw us a diagram of what you want. Printing must be limited to the truck panel as shown. **Two color printing included!** Set yourself apart today!
