**MAGNUM™
HEAVY PATTERN
MACHINE BRASS ROD
SLIP JOINT NUTS
WITH LEAK-FREE
PREMIUM WASHER**

Our nut is machined from brass rod stock, not cast. There are never any casting irregularities. The six large sides give your wrench a no slip surface with a much heavier, better chrome plating than die cast or cast brass. Buffed to a "clean" shine, this superior slip joint nut is another quality product of Hodesco.

Nuts packed 12 sets per heavy corrugated box and slip joint washers are included **SOLD 12 PER BOX ONLY**

Item #	Description	Price 1	Price 2
51-627	1-1/4" Chrome Plated Slip Nut	4.49	3.95
51-631	1-1/2" Chrome Plated Slip Nut	4.49	3.95

**PREMIUM LEAK-FREE POLYTHERMAL RUBBER
BEVELED SLIP JOINT WASHERS**

- Has a better flex fatigue resistance than traditional rubber washers to hold its shape longer
- Offers improved resistance to oil, chemicals and water
- Vibration resistant
- Resistant versus sulfuric acid & sulfuric chloromine

SOLD 25 PER PACKAGE ONLY

HANDI LAV-GUARD
INSULATION KIT

FINALLY, A COSMETICALLY APPEALING, DURABLE, HANDICAP LAVATORY INSULATION SYSTEM.

To satisfy current Federal mandated barrier-free and accessibility requirements, BOCA, ANSI and many state codes require that insulation must be applied over the hot water supply and waste piping under lavatories accessed by people with disabilities. These codes protect wheelchair users from being burned or sustaining injury from impact.

The Problem:

Until now, unsightly black extruded foam insulation with its poor fit and inadequate means of securing has been, for lack of a better product, the usual specification of architects and mechanical engineers. Even the most experienced insulator or plumber becomes frustrated with its time-consuming application and poor appearance.

The Solution:

The Handi Lav-Guard kit is a unique, fully molded, flexible vinyl insulation system which cushions impact and is an excellent insulator against burns. Its neutral white color blends nicely into the scheme of any restroom. The Handi Lav-Guard kit is an attractive, durable insulation system that meets virtually all building codes and aesthetic standards.

- Fast-installing antimicrobial molded undersink safety covers for ADA accessibility compliance
- Built in fasteners are quick, strong, and reusable
- Tear-to-fit trimming feature eliminates the need for tools

Never compromise quality when dealing with plumbing.

FLOW MASTER has not used "plastic nuts" for over 10 years.

Brass nuts are much harder to strip so the chances of a good tight seal are improved.

FLOW MASTER 3 ring "ACCU-CRIMP" has 3 seal bands to keep a tight water seal. Many competitor's crimps offer "water channels" with crimp ridges running parallel to the hose.

Fluidmaster
Made in China,
5-year warranty

Homewerks Worldwide

Polymer material

FLOW MASTER
Made in the USA,
5-year warranty

	Barb Length	Sleeve Length	Difference	Percent Less Sealing Surface
Flow Master	1.28	.772	.508	
Homewerks	1.057	.738	.319	37.20
Fluidmaster	.978	.72	.258	49.21
Brasscraft	.852	.663	.189	62.80

Up to 44% longer barb and sleeve offers more contact area for a better seal of the ferrule and crimp

More surface area = more sealing area
